

A Tenure-track Position at the Department of Computer Science, Tel-Hai College

The Department of Computer Science at Tel-Hai College invites applications for a tenure-track position. Candidates from all areas of computer science are encouraged to apply. A PhD in Computer Science, demonstrated promise in research and commitment to teaching are required. A post-doctoral experience is preferred. Tel-Hai College emphasizes quality in teaching and encourages research activity. Benefits include a substantial allowance for research related expenses and substantial reduced teaching load for candidates with strong research promise.

The Department of Computer Science at Tel-Hai College offers a 3-year B.Sc. degree in computer science with two principal tracks: Software Development and Signal Processing. A M.Sc. program is currently under review by the council of higher education and is expected to start in the near future.

Applicants should include a CV and contact information for three people who can comment on the applicant's professional qualifications.
